“We must prepare the environment so that it invites the child to develop”

— Maria Montessori

The primary classroom is an environment where curiosity is transformed into knowledge and essential learning is consolidated. At this stage, collaboration, project-based work and active participation play a key role. With ergonomic and functional school furniture, we create spaces that encourage a more dynamic, collaborative and stimulating learning experience.

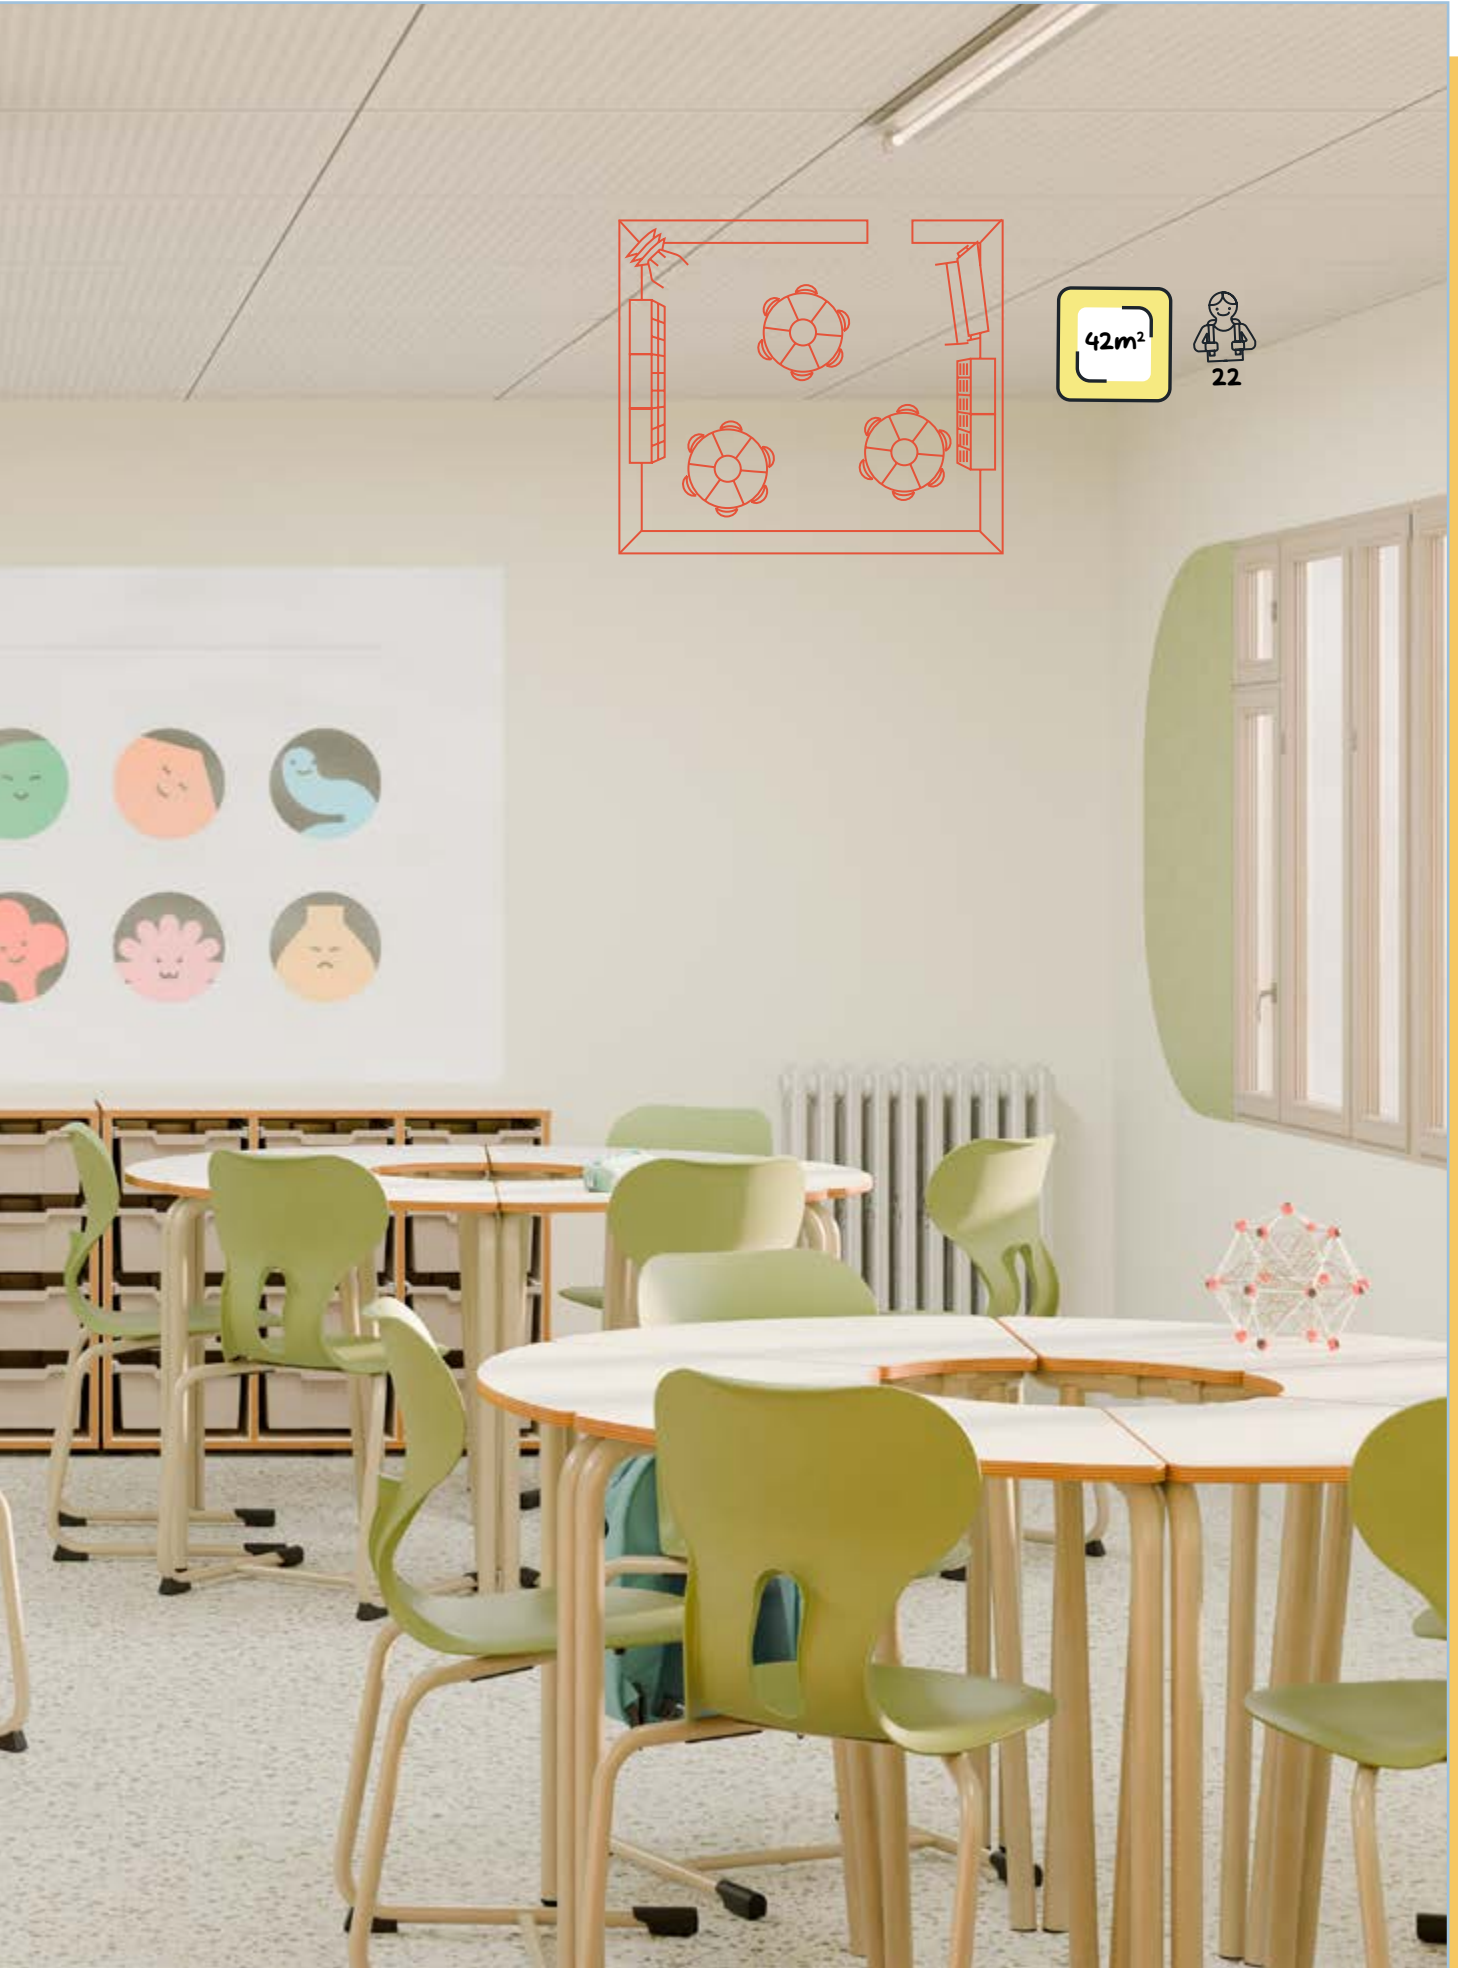

# Comfort and functionality for learning

El aula de primaria es un entorno donde la curiosidad se transforma en conocimiento y se consolidan aprendizajes esenciales. En esta etapa, la colaboración, el trabajo por proyectos y la participación activa adquieren un papel fundamental. Con mobiliario escolar ergonómico y funcional, creamos espacios que favorecen un aprendizaje más dinámico, compartido y estimulante.

# Motivation and discovery in every space

La colección de sillas escolares LIA está diseñada para aportar confort y funcionalidad en el aula de primaria. Su respaldo curvado favorece una postura ergonómica, mientras que el agujero trasero permite colgar la mochila con facilidad. El modelo LIA CANTILEVER incorpora goma antideslizante en las patas y taco protector para apilar sobre la mesa de forma segura.

Flexible  
daily spaces  
for cooperative  
learning

The LIA range of school chairs is designed to provide comfort and functionality in primary school classrooms. Its curved backrest promotes an ergonomic posture, whilst the rear loop makes it easy to hang a schoolbag. The LIA CANTILEVER model features non-slip rubber pads on the legs and protective feet for safe stacking on desks.

STEAM

150m<sup>2</sup>

Más allá de organizar el aprendizaje por asignaturas, el enfoque STEAM plantea espacios pensados según las distintas tipologías de actividad.

El entorno también educa. La disposición del mobiliario, la iluminación, la acústica y la flexibilidad del espacio influyen directamente en la motivación, la concentración y la participación del alumnado.

- A|** Zona de investigación / Research area
- B|** Zona de colaboración / Collaboration area
- C|** Zona de concentración / Focus area
- D|** Zona de descanso / Rest area
- E|** Zona de presentación / Presentation area

Beyond organising learning by subject, the STEAM approach proposes spaces designed around different types of activity.

The environment also plays an educational role. The layout of the furniture, the lighting, the acoustics and the flexibility of the space have a direct influence on students' motivation, concentration and participation.

**Cada zona responde a una necesidad dentro del proceso de aprendizaje. Espacios pensados para experimentar, presentar ideas y aprender desde la práctica.**

### Classroom design

We help you transform your classrooms to adapt to new educational approaches. Improving the layout, acoustics and student flow is easy with versatile, comfortable and durable furniture that can be moved and stored with ease, opening up a world of possibilities for learning.

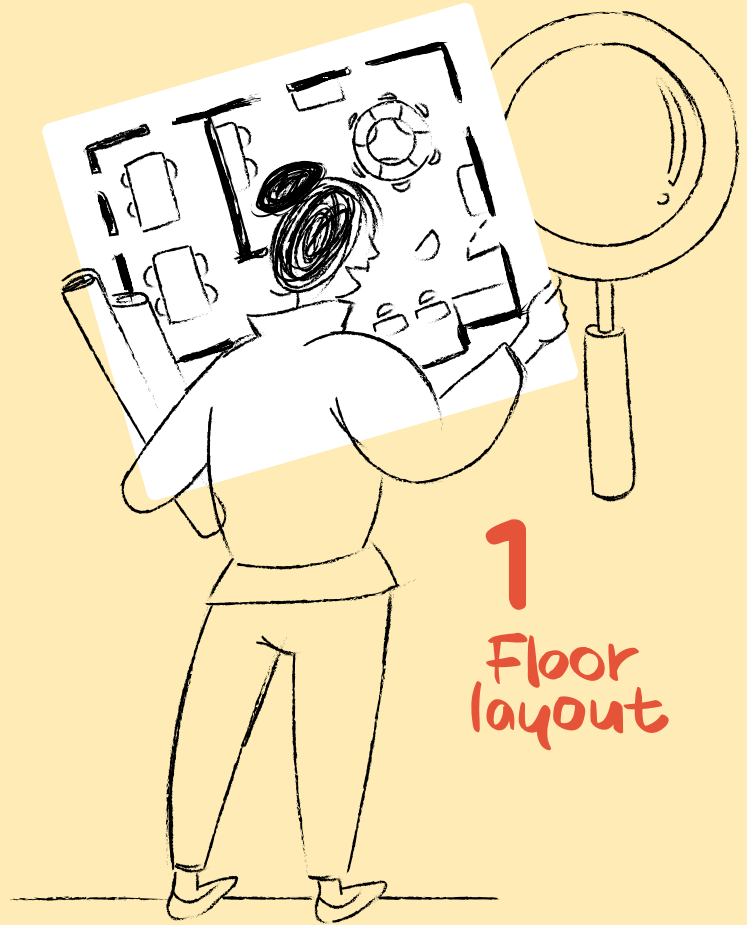

### Diseño de aulas

Te ayudamos a transformar tus aulas para que se adapten a las nuevas dinámicas educativas. Mejorar la distribución, la acústica y el flujo de los alumnos es sencillo con mobiliario versátil, cómodo y resistente, que se mueve y se almacena con facilidad, abriendo un mundo de posibilidades para el aprendizaje.

## Options

1. Floor plan: A practical layout of the space viewed from above, ready to be implemented.

1. Distribución en planta: Una propuesta práctica del espacio vista desde arriba, lista para implementar.

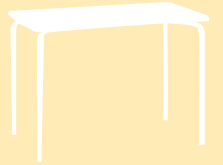

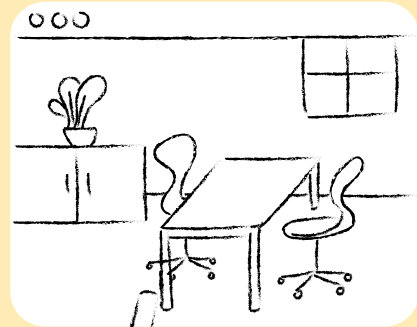

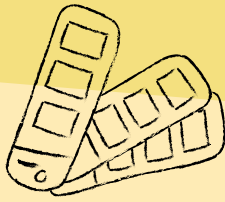

## who we are

**With over 20 years' experience, we design and manufacture school furniture for all stages of education, combining design and innovation to create flexible, versatile and student-centred learning spaces.**

We support schools in transforming their classrooms, fostering environments where collaboration, creativity and well-being are part of everyday life. Because we understand that space also educates, we develop solutions that connect people, ideas and new ways of learning.

# Classroom design service

2. 3D views of your space: Visualise your classroom before we transform it. Tell us what it's like and what you want to achieve, and we'll show you a 3D proposal so you can see the final result.

2. Vistas 3D de tu espacio: Visualiza tu aula antes de transformarla. Cuéntanos cómo es y qué quieres lograr, y te mostraremos una propuesta en 3D para ver el resultado final.

3D

**Con más de 20 años de trayectoria, diseñamos y fabricamos mobiliario escolar para todas las etapas educativas, integrando diseño e innovación para crear espacios educativos flexibles, versátiles y centrados en el alumno.**

Acompañamos a centros educativos en la transformación de sus aulas, impulsando entornos donde la colaboración, la creatividad y el bienestar forman parte del día a día. Porque entendemos que el espacio también educa, desarrollamos soluciones que conectan personas, ideas y nuevas formas de aprender.
